

Warranty Policy

For LED Above-water Fishing Light – YellowFin

This document sets forth the warranty policy of the LeKise International Sales Organization (“LeKise”) from which you (“Purchaser”) purchase your LED Above-water Fishing Light. This policy is applicable only to LeKise branded LED Above-water Fishing Light (“Products”) purchased as from 1 February 2015 used on Fishing Boats with power supply between AC90 – 240V 50/60Hz ONLY.

This warranty policy is subject to the provisions as set forth herein and is subject to the terms and conditions as attached to this document (‘Warranty Terms and Conditions’).

This warranty policy only applies if referred to in a sales contract between LeKise and the Purchaser and it will replace the standard warranty clause provided in the LeKise Lighting general terms and conditions of sale.

A. Warranty Period

Subject to the provisions as set forth in the Warranty Terms and Conditions and as set forth hereunder, Purchaser receives the warranty for the applicable period, as described in table 1 hereunder.

	Lamp Power and Its Voltage	Period
LED Above-water Fishing Light	YellowFin™600W AC90 – 240V 50/60Hz	2 years limited warranty

Table 1: Warranty period for LeKise LED Above-water Fishing Light.

B. Special Conditions

- The warranty period starts on the date of invoice.
- **Operating conditions are strictly followed :**
 - **YellowFin™ – Water cooling lines must be installed with a min water flow rate of 20 gallons/min BEFORE the unit is powered on**
 - **Water temperature to be <26°C**
 - **Maximum YellowFin lamp to be connected in series not exceeding 10 units per water line.**
- Purchaser shall not rely upon any other information or documentation.

This warranty only covers Products applied within their ‘intended’ or ‘normal use’ as defined by:

- Operating conditions are in accordance with the information on the products and its packaging; AND
- **YellowFin™ MUST NOT, in any case to be operated in the water;** AND
- Ambient temperature never exceeds the operating temperature range -20 °C to +40 °C; AND
- Product is NOT subjected to ON/OFF switching faster than 3min interval; AND
- For AC models, the electrical installation in which the product operates is not subjected to voltage fluctuations in a range exceeding AC90-240V +/- 10%.

C. Summary Warranty Terms and Conditions (non-exhaustive)

- This warranty policy is valid only for products sold with marine vessel power supply between AC90-240V 50/60Hz ONLY.
- Rubber and sealing parts are excluded.
- Products have been purchased directly from LeKise or its authorized distributor.
- Proof of purchase is available for inspection by LeKise or its authorized distributor.
- Products have been properly installed and operated in accordance with the manufacturer’s instructions.
- Water cooling lines to be inspected and cleaned regularly to remove any foreign objects clogging the lines.
- Power to the lamp MUST be switched off first BEFORE switching off the water pump.
- Adequate records of operating history are available for inspection by LeKise or its authorized distributor.
- A LeKise representative will have access to the defective Products. If the Products or other parts become suspect, the representative shall have the right to invite other manufacturers’ representatives to evaluate the lighting systems.
- Labor costs for (de-)installation of the Products are not covered under this warranty.
- Defective product(s) to claim under warranty must be shipped back to LeKise, and shipping costs shall be borne by Purchaser.
- Shipping costs back for repaired / replacement lamp under this warranty conditions shall be covered by LeKise.
